**The Associated Students of The University of Montana**  
**Resolution Supporting Online Voter Registration**  
**October 29<sup>th</sup>, 2008**  
**Senate Bill Number 25**  
**Authored by: Trevor Hunter, ASUM President**  
**Sponsored by: Siri Smillie, ASUM Vice President**

Whereas, voting is a fundamental right in democracy but current voter registration processes are very inefficient in today's digital age;

Whereas, every election cycle organizations spend tens of millions of dollars nationwide, and thousands of volunteers nationwide devote time and energy to registering eligible voters in their area;

Whereas, an online voter registration process would save Montana, time, energy and money, as well as making our voter registration process much more efficient and accessible;

Whereas, Washington, Arizona, and California currently have laws allowing their voters to register to vote online;

Whereas, people currently can file their taxes online, renew car tabs and a driver's license online, make travel arrangements from a website, bank at home, and handle stock transactions through the internet, among a variety of other things all by accessing the internet on a computer;

Whereas, in Washington State, the charge for instant online voter registration was lead by students who pushed the legislation and generated the political support necessary to pass the bill;

Whereas, online registration will improve the integrity of elections;

Whereas, students, and all citizens, are more likely to register to vote when the opportunity is more accessible and less invasive;

Therefore Let It Be Resolved that ASUM will work to make online voter registration possible in the State of Montana.

Let It Be Further Resolved that ASUM will make local legislators aware of our support for online registration by providing copies of this resolution to each.
